Segment Dominators That Leave Competition Behind

Segment 1st
Intelligently Bold With SmartIQ™
New AI-enabled range booster mode

SmartIQ™ analyses your riding pattern in real time & optimizes the smartest way to boost your range automatically, delivering up to 15% more range.

Segment 1st
Projector Headlamps with LED DRLs
A new face of dominance, with a signature DRL and a precision projector headlamp for clean night visibility.

Segment 1st
Charger Onboard
Ride all day without worrying about your range again. With spacious under seat storage, the charger goes with you, wherever you go.

Segment 1st
Longest Seat
There's room for you, your friend and their things. With a wider pillion seat for your passenger, cushioned for long rides and finished in dual-tone premium stitching.

Smart Digital Console
A 5-inch fully connected display keeps you in control with real-time navigation, call, music, alerts and more

Back-Up With Confidence

Reverse mode
Twist the throttle. Get out of the tightest of parking spots. Easy.

Power Behind The Attitude

Built in-house. Tested for Indian roads, Indian heat, and Indian riders who demand more.

Superior Battery

2x Safer with proprietary MHX tech
2x higher heat resistance. Stays cool while delivering hot performance.

2x Longer Battery Life
Stop settling for less. Batteries built with advanced LFP cell technology used in global electric cars, setting a new gold standard for battery endurance and safety.

IP67 Rated
Consistent power delivery in any terrain or weather. Dust, Rain, Water. All handled.

Advanced Motor

Highest torque
Unleash unmatched thrill with segment-leading torque on wheel of 250 Nm, delivering instant rush with every twist.

IP68 rated motor
Dominate bad roads and rough terrain in all weather. Built for relentless durability.

9 kW IPMSM motor
9 kW of peak power from a proprietary IPMSM heavy-duty motor, unleashing relentless performance every time you ride.

Chain Drive
Unlock every bit of performance, with instant response, efficient power delivery and long-lasting durability.

Practically Brilliant

10 litres of storage. First in a motorcycles.

Under Seat Storage
Spacious storage for charger, water bottle, rain jacket, and then some.

Tank Pod™
Unheard of on a motorcycle. Secure storage for your phone and essentials.

Dual USB charging port
Charge your gadgets on-the-go. No more fuss.

One App. Total Control

One app is everything you need to know about your Rorr Evo, wherever you are.

Remote Diagnostics
Real-time vehicle health status of your Rorr Evo via Oben app.

Smart Alerts
Smart updates that show up, right when you need them

Ride history & stats
Speed, distance, and everything else. So you ride smarter, every time.

24/7 Customer Support
Day or night. Support you can count on.

Service Request
Raise a service request in seconds, right from the app.

Anti-theft & Geo-fencing
Built-in GPS tracking, remote immobilization, and safe zone alerts. Your Rorr Evo stays yours.

Find me a charging station
Find your nearest charge points anywhere. 65,000+ stations across India.

Bulletproof Safety Standard

We didn't cut corners on what protects you. Every safety feature, built in from the start

230 mm Water wading
Heavy rains and waterlogged roads are no longer an excuse to stay indoors.

200 mm Ground clearance
Tall speed bumps and broken roads? Not your problem anymore.

Fall Alert System
Detects when your Rorr tips over or meets with a collision and instantly notifies your emergency contact, so help is near for when it matters most.

Fall Detected

Drive Alert System (DAS)
Detailed audio visual alert that confirms the bike is live, preventing accidental throttle engagement.

Unified Brake Assist (UBA)
Braking force is precisely distributed across front and rear discs, even with a single brake input.

Wider tyres
Big chunky 130/70-17 tyres. Grab more roads with more grip and traction when it counts.

Secure charge™
When your Evo is charging, the connection stays sealed & protected inside from rain, dust and safe from accidental pulls.

Crafted For Agility and Style

Not just how it looks. How it handles, holds, and moves.

Monoshock suspension
7-step adjustable. More handling prowess, more comfort.

ARX Frame
Patented electric motorcycle platform built for superior stability and control.

Ergonomic rider triangle
Engineered to keep you comfortable on long rides while giving you control. Every angle considered, so you arrive relaxed.

3 Ways to Keep Your Rorr Charged Up!

No matter where you are, a charge is never far away.

Oben Plug™
Charge 0–80% in under 2 hours with the fast home charger.

Oben Port™
Any standard 15 Amp socket works. Plug in at home, at work, or wherever you park for a few hours.

Oben Net™
60,000+ charging stations nationwide. The network grows as fast as your confidence in riding further.
